

## **LiquiDaily Supreme:** **The Ultimate in Full Spectrum Nutrition**

Full Spectrum Nutrition, providing all the essential nutrients known to be involved in human health and longevity, and for the first time, even the essential fatty acids, which are protected by an exclusive antioxidant protection system. Now Full Spectrum is really all in one convenient bottle! Further, our formulation, developed exclusively for us by The Institute of Nutritional Science, contains a wider range of vital antioxidant nutrients such as lycopene, lutein for the eyes, and alpha lipoic acid, one of the most powerful anti-aging antioxidants presently known to science. When you consider everything contained in LiquiDaily Supreme, all the vitamins, 75+ minerals, essential fatty acids, phytonutrients from plants, heavy hitting antioxidants as well as the full range of amino acids, you just can't find a more complete formula. By combining all these nutrients into one bottle, the cost to the end user is but a fraction of purchasing this range of nutrients in individual products.

***Excerpted from a lecture by K. Steven Whiting Ph.D.,  
Director, Institute of Nutritional Science. Reproduced by  
permission.***

Full Spectrum nutrition is the concept of providing the body with all the essential nutrients it needs, in the right **potency, ratio** and **absorption** factors to ensure maximum benefit. By using a **liquid delivery system**, we can increase absorption of nutrients many times since liquids, with the proper pH, have two opportunities for absorption, the stomach and small intestine.

Also liquids afford us the opportunity to adjust ratios of one nutrient to another, matching the natural presence of these nutrients in the human body. We have developed a liquid formulation, which is now being offered by Phoenix Nutritionals, Inc. and it provides mega doses of over 130 nutrients including fatty acids, vitamins, minerals, amino acids, phytonutrients and antioxidants. This is the identical formula we use on our clients and patients at our Centers around the world.

**THE ULTIMATE LIQUID MULTI-VITAMIN PRODUCT**

# **LiquiDaily Supreme<sup>®</sup>**

**Liquid Multi -Vitamin and Mineral Supplement  
with Phytonutrients, Essential Fatty Acids and  
Powerful Antioxidants**

## **A Dietary Supplement**

**SUGGESTED USE:**

**Adults:** 14ml Daily (1 table spoon) with or after meals.

**Child serving (over the age of 4 years):** 5ml Daily (1 teaspoon)  
with or after meals.

Do not exceed dosage unless prescribed by your healthcare  
practitioner.

Not suitable for children below the age of 4 years.

Women who are pregnant or are likely to become pregnant  
should not use this product without the advice of their qualified  
healthcare professional.

May be mixed with water, fruit juice or vegetable juice.

**Net 454 ml**

## Supreme Information Panel

Amount per 14ml serving (1 table spoon)		%	
		RDA/ADH	Ingredients
Vitamin A*	1125 µg	140	Mineral water
Vitamin D	2.75 µg	55	Fructose
Vitamin E	75 mg	750	Natural Vegetable Glycerine
Vitamin C	375 mg	625	Fruit juice concentrate(non citric)
Vitamin B1 (Thiamin)	10 mg	710	Preservative (Potassium Sorbate)
Vitamin B2 (Ribovlavin)	10 mg	625	Preservative (Sodium Benzoate)
Niacin	10 mg	55	Gelatine Hydrosalate **
Vitamin B6	10 mg	500	N-Acetyl Cysteine
Folic Acid	150 µg	75	Acidity Regulator Potassium Citrate
Vitamin B12	5 µg	7500	Alpha-Linolenic Acid (Omega 3)
Biotin	110 µg	73	Oleic Acid (Omega 9)
Pantothenic acid	40 mg	666	Potassium (as citrate)
			Acidity Regulator Citric Acid
			Quercetin
Calcium (as gluconate)	110 mg	14	Linoleic Acid (Omega 6)
Chromium (as chloride)	50 µg	40	Rice bran
Copper	1 mg	67	Lycopene
Manganese	3 mg	60	Grapeseed extract
Sodium Selenate	25 µg	52	Coenzyme Q10
Iron Sulphate	2 mg	14	Milk Thistle Seed
Zinc	6 mg	40	Inositol
			Choline (as bitartate)
			Para-Aminobenzoic acid
			Dimethyl glycine
			Bilberry Extract
			Alpha Lipoic Acid
			**Non-Animal

\* Pregnant women or women likely to become pregnant should not consume this product except on the advice of medical doctor or health professional

Shake well before use.

When opened keep refrigerated.

**KEEP OUT OF REACH AND SIGHT OF CHILDREN**

A balanced diet contains sufficient vitamins.  
Do not use food supplements as a replacement to a balanced diet.

**This product is not intended to diagnose, treat, cure, or prevent any disease.**

**SEE BELOW FOR MORE INFORMATION**

**SPECIFICATION of some specific components**

**Per 1/2 oz Serving**    **% Daily**  
**Proprietary Blend of Amino Acids** *(from gelatin hydrolysate)* **50 mg**    **\***

Glycine	Arginine	Valine	Methionine	Tyrosine	Hydroxyproline
Aspartic Acid	Phenylalanine	Alanine	Leucine	Proline	Serine
Isoleucine	Cysteine	Leucine	Glutamic Acid	Lysine	
Threonine	Histidine				

**Total Spectrum Essential Fatty Acids**    **100 mg**    **\***  
*(Total Spectrum Fatty Acids have been emulsified and are protected from oxidation and rancidity by a proprietary process.)*

**Alpha-Linolenic Acid (Omega 3) Linoleic Acid (Omega-6) Oleic Acid (Omega-9)**

**Proprietary Blend of Phytonutrients**    **25 mg**    **\***  
 Broccoli Powder    Banana Powder    Carrot Powder    Blueberry Plus Powder  
 Cherry Plus Powder    Peach Plus Powder    Spinach Powder

**Proprietary Blend of Cell Ensure**    **110 mg**    **\***  
*(Cell Ensure is a Proprietary Blend of the following antioxidants and free radical scavengers in a unique, highly bio-available compound.)*

N-Acetyl Cysteine	Bilberry Extract (berry)	
Milk Thistle Seed (Silybum marianum)	Coenzyme Q10	Quercetin
Alpha Lipoic Acid	Lycopene (tomato extract)	Lutein
Grapeseed extract (leucocyanidins)		

Other ingredients: Purified water, plant-derived, ionic trace mineral complex (see listing below), natural vegetable glycerine, natural fruit juice concentrate, citric acid, natural flavors, Span 60/Tween 80 (<1%), potassium sorbate, and sodium benzoate.

Bromide	Selenium	Titanium	Molybdenum	Scandium	Uranium
Bismuth	Cerium	Thulium	Tantalum	Calcium	Phosphorus
Rubidium	Strontium	Tin	Gallium	Hafnium	Cesium
Erbium	Thorium	Carbonate	Iodine	Cobalt	Zinc
Lanthanum	Zirconium	Terium	Gold	Ytterbium	Thallium
Fluoride	Chromium	Copper	Nickel	Tttrium	Vanadium
Europium	Dysprosium	Neodymium	Rhenium	Silicon	Iron
Antimony	Tungsten	Barium	Beryllium	Gadolinium	Holmium
Nitrogen	Manganese	Arsenic	Germanium	Silver	Tellurium
Samarium	Lutetium	Niobium	Platinum	Praseodymium
